---

## TECHNOLOGIES

**Proficient:** JavaScript, Node.js, React, Express, SQL, Sequelize, Webpack, HTML, CSS, jQuery, Git, Mocha/Chai  
**Familiar:** PHP, CakePHP, phpMyAdmin, Java, Selenium, Heroku, AWS

## PROJECTS

**Flock** (<https://flocklit.herokuapp.com/>)

- Custom CRUD app for managing literary submissions. Built for the Flock online lit community. Solo project.
- Utilizes Express, Sequelize, React, Redux.

**In-Tone** (<https://in-tone.herokuapp.com/>)

- Web app for learning tonal languages that plays example tone, displays target pitch contour as well as user's attempt, compares them and gives feedback.
- Web Audio API specialist, spearheaded building the React audio components. Also instrumental in modularizing the code base.
- Utilizes Node.js, Express, React, Sequelize, Web Audio API, Chart.js, and pitchfinder.

**Feels** (<https://feelsynth.herokuapp.com/>)

- Browser synth built for hackathon that takes text input and outputs a melodic line. Solo project.
- Winner of "Mad Science" award.
- Utilizes Express, React, Web Audio API.

## WORK EXPERIENCE

**RECOM Power, Inc.** - Inside Sales Administration

Brooklyn, NY / Feb '14 - Nov '16

- Austrian manufacturer of modular DC/DC and AC/DC power supplies.
- Managed sales pipeline valued at ~3 million USD yearly.
- Implemented shared inbox upon hire, improving communication and reducing document redundancy.
- Wrote specifications for UI component that moved offline quoting system from Excel to our extranet CRM.
- Developed quote and buy reports that helped the salespeople exceed quarterly goals.

**Bottomline Technologies, Inc.** - Paymode-X Network Analyst

Portsmouth, NH / Aug '12 - Feb '14

- Global fintech corporation specializing in healthcare and legal spend management.
- Managed portfolio of ~30 mid- to large-sized corporate clients.
- Supported implementation by performing segmentation analyses on vendor data.
- Planned and executed enrollment campaigns.
- Provided ad hoc pricing analyses and reports as needed.
- Expanded and improved process documentation.

**University of New Hampshire** - Lecturer

Durham, NH / Aug '09 - Dec '11

- Taught First-Year Writing. Each class consisted of ~30 students.

## EDUCATION

**Fullstack Academy of Code**

New York, NY / Feb '17 - May '17

- Immersive 17-week software engineering program. 8-10% of applicants admitted.

**University of New Hampshire**

Durham, NH / Aug '09 - May '11, Aug '03 - May '07
